AREEJ KHALID

SOFTWARE ENGINEER

CAREER OBJECTIVES

I am a software engineer with 2 to 3 years of experience in front-end development and UX design. I have expertise in HTML5, CSS3, JavaScript, TypeScript, and frameworks like React and Angular. I specialize in building responsive, user-friendly websites and have strong experience in WordPress theme customization using Elementor.

I work well in Agile teams, collaborate effectively, and write clean, maintainable code. I am dedicated to continuous improvement and delivering high-quality, innovative solutions that meet business needs.

AREAS OF EXPERTISE

- **Front-End Technologies**: HTML5, CSS3, SCSS, JavaScript (ES5+), TypeScript, jQuery, Bootstrap, React, Angular
- **WordPress Development**: Theme customization, Elementor, Elementor Pro
- **UI/UX Design**: Developing responsive, user-friendly interfaces
- **Collaboration**: Working with cross-functional teams, including backend developers, product managers, and UX designers
- **Agile Development**: Experience with Agile and Scrum workflows, code reviews, and version control (Git, Bitbucket)
- **Testing & CI/CD**: Debugging, continuous integration, and deployment (CI/CD)
- **Tools**: Figma, Chrome DevTools, Jira, GitHub, CodePen, ESlint, Prettier, Visual Studio Code

WORK EXPERIENCE

UI/UX Developer | KT Bank (under formation) | March 2024 – Present (Remote) | Frankfurt, Germany

- Spearheaded the development of Yalla Best Offers, a React-based application targeting users in Pakistan, UAE, and Saudi Arabia
- Led front-end development efforts to build responsive, high-performance web applications with a focus on user experience and scalability
- Collaborated with cross-functional teams, including UX designers and QA engineers, to ensure project alignment and quality
- Actively participated in code reviews and implemented best coding practices to improve project efficiency and code maintainability
- Integrated modern web technologies and performance optimization strategies to enhance application performance

FRONT-END DEVELOPER | SIMPLIED PVT LTD (EDTECH STARTUP) | NOVEMBER 2021 – FEBRUARY 2024 | KARACHI, PAKISTAN

- Developed dynamic and responsive interfaces using React, Angular, and WordPress to improve engagement and user experience
- Worked closely with backend developers to integrate APIs and optimize application performance for smooth functionality
- Collaborated with cross-functional teams to deliver projects on schedule while adhering to Agile and Scrum methodologies
- Contributed to the growth of the startup by developing features that enhanced the learning experience for users

WORDPRESS DEVELOPER | UNIQMASTER | OCTOBER 2020 – FEBRUARY 2021 | GERMANY

- Developed and maintained custom WordPress websites for clients, ensuring responsiveness and performance optimization
- Worked with a remote international team to deliver high-quality, functional websites tailored to client specifications

WEB DEVELOPER INTERN | ROVE APP PVT LTD | APRIL 2020 – OCTOBER 2020 | KARACHI, PAKISTAN

- Assisted in maintaining and optimizing the company website, enhancing both performance and user experience
- Developed custom WordPress themes and plugins, focusing on improving website functionality and security
- Collaborated with internal teams to create landing pages that improved conversion rates and optimized the user experience
- Worked with PHP, MySQL, and other web technologies to develop and implement new website features
- Gained experience in website security best practices, ensuring the site was robust and secure from vulnerabilities

OPERATING SYSTEMS

- Apple macOS,
- Microsoft Windows,
- Google's Android OS,
- Linux Operating System,
- Apple iOS

LANGAUGES

- English
- Urdu
- German (A1)

SOFTWARE TOOLS

- Visual Studio Code
- SublimeText
- Atom
- Git,GitHub
- bitbucket
- Jira Software
- Chrome DevTools
- Slack,Discard
- Figma
- inspecting and debugging code optimizing
- CodePen
- ESlint
- Prettier
- XD Adobe

MAJOR COURSES

- Computer Programming,
- Object Oritented Programming
- Software Economics & Management
- Computer Architrcture & Organization
- Data Structure & Algorithms
- Operating System Concept
- Database Management
- Human Computer Interaction
- Cloud Computing
- Software Quality Engineering
- Web Engineering
- Software Re-engineering
- Mobile Application Development

EDUCATION HISTORY

MEHRAN UNIVERSITY OF ENGINEERING & TECHNOLOGY, JAMSHORO,
Bachelor of Software Engineering, 2021

- Completed with a 3.6 CGPA.

MEHRAN MODEL COLLAGE
Graduated Class of 2017

- President and Founder, Computer Club
- Student Council President
- Debate Team Vice President
- Member of the Math Team
